- Lean Six Sigma Yellow Belt Certification – Ask Lex PH Academy (2021)

WORK EXPERIENCE

Employer : **EMIDS Technologies**
Role : Senior PMO Specialist
Period : August 2024 - Present

ACHIEVEMENTS:

Facilitated the transition of Polaris reports to the ARC platform, ensuring seamless continuity of reporting and the accurate migration of project and resource data. This enabled the organization to retire the Polaris while maintaining reporting capabilities, resulting in approximately USD 50,000 in cost savings. Recognized for this contribution with the 'Star Award – Inclusive Innovator', along with additional recognitions including 'Pat on the Back' and 'Powerhouse Performer'.

RESPONSIBILITIES:

- Manages all existing dashboards (Executive Summary, Financial, AI, Delivery Excellence, Resource Profitability, LowCode, etc.) and maintains them based on requirements and stakeholder feedback.
- Develops and maintains the Project Health Status Weekly Report, RAG reports, quality reports, and budget and financial reports.
- Uses Power Query and API integration with Float to extract data and generate reports, addressing PMO requirements not available in standard Float report extracts.
- Improves data quality and structure in challenging data environments to enable more robust analysis and decision-making for PMO functions.
- Identifies opportunities for reporting automation and process optimization to enhance operational efficiency.
- Supports continuous improvement initiatives within the PMO to strengthen project governance and delivery practices.
- Conducts Microsoft Power BI coaching for internal and external teams.

Employer : **CDR (Now EMIDS)**
Role : PMO Associate/Specialist
Period : Oct 2022 - Jul 2024

ACHIEVEMENTS:

Introduced Microsoft Power BI reporting solutions that eliminated the need for costly custom report development, resulting in approximately USD 23,400 in cost savings. Successfully co-facilitated User Acceptance Testing (UAT) for Polaris deployments by validating user feedback and ensuring system readiness for operational use.

RESPONSIBILITIES:

- Maintained and automated PMO reports, including utilization, bench, headcount, leave audits, and resource planning on weekly, bi-monthly, quarterly, and annual reporting cycles to support business decisions.
 - Administered Float resource planning, timesheet alignment, PTO tracking, and project resource records to ensure data accuracy and operational compliance.
-

-
- Delivered onboarding and training for PMO resources on Float and Polaris, improving user adoption, reporting accuracy, and process consistency.
 - Coordinated PMO communications, reporting requirements, and administrative processes to support governance, compliance, and cross-functional collaboration
 - Co-managed data integration and reconciliation between Float and Polaris, ensuring accurate, consistent, and aligned resource and project data across both platforms.

EDUCATION

DEGREE	INSTITUTION	YEAR
BACHELOR OF SCIENCE IN INDUSTRIAL ENGINEERING	Polytechnic University of the Philippines - STC	<i>2018-2022</i>

SCHOLASTIC ACHIEVEMENTS:

- Consistent President's and Dean's Lister (2nd–4th Year)
 - BSIES Feasibility Study Competition (1st Place)
-April 2022
 - Participant in the 1st International Research Conference entitled “Ethics of Care in Knowledge Production during the Pandemic”
-May 2022
-
